The staff of Outta Bounds Events Inc. has been providing innovative Summer Camp programming for more than 20 years. Our weekly camps consist of a variety of on-site activities, local excursions, and trips to some of Southern California's best entertainment locations. Our counselors are mature and experienced, and our programming provides a blend of positive youth development and outrageous fun. Each week of this year's Summer Camp has a theme and a character value attached to that week. Many of the activities, events and trips will support and tie into these themes and character values. If you're ready to have the greatest summer of your life, sign-up today.
